

Fee schedule for Phytochemical Analysis in the Cooperstone Lab. Updated 2/15/2024.

Fee Description	Amount	Basis
HPLC analysis, internal labor	\$50	Per sample
HPLC analysis, external labor	\$80	Per sample
HPLC analysis, industry rate	\$130	Per sample
LC-MS analysis, in house labor	\$50	Per sample
LC-MS analysis, external labor	\$100	Per sample
LC-MS analysis, industry rate	\$150	Per sample
Set-up fee	\$500	Per project
Professional services, scientific guidance	\$200	Per hour
Workshop fees	\$2,000	Per workshop day

Internal labor means labor costs are not charged to the analysis (e.g., the person conducting the analysis has salary on that project, or the labor is being provided by someone outside the Cooperstone lab). External labor means that labor costs are incorporated into the per sample fee. Industry rates are for service-only projects.
